## EXECUTIVE SUMMARY

The BST Group was established in 2021 in Dubai, United Arab Emirates as “BST Gemstone General Trading LLC”.

The BST Group has exclusive access to approximately 500,000 carats of rough stone, which would be converted into well-cut Kashmir Sapphire over a period of the next few years.

The BST Group have recently Launched one of the most hybrid decentralized Cryptocurrency platform “Called BSTC Blue Sapphire Trading Coin” to reach the Global Market and become one of the leaders in the Cryptocurrency and Blockchain.

The BST Group has an inventory of more than 500,000 carats which were purchased with the help of investors in the year 2021, moving forward BST Group of Companies will establish luxuriously branded jewelleries & auctions them in many countries across the globe.

## PROJECTED TARGETS

Establish BSTC Crypto Platform for Asset Based Utility Coins and bringing Revolution in the payment Industry.

Transaction speed and security is the key aspect of a blockchain and our target was to come up with our own blockchain named as BST Chain.

As the interest for a more decentralized Web keeps growing, we have chosen to take an active role to develop a Web3 blockchain based internet browser

The recent surge of interest in the Metaverse is largely due to the new found ability to fully own virtual assets including objects, experiences and land. Here at BST Group, we are dedicated to various virtual reality-based projects, encompassing Gaming, Real Estate, Art and Virtual Mining.

As internet-based socializing has become the new norm, continuous advancements are being made in this field. We are focused on developing an application featuring integrated chat and crypto payment functionalities, underpinned by blockchain based technology.

Provide Smart Cities & Blockchain Solutions to the Public sector Globally.

Smart Education: A technology driven learning system that enhances the capability of the educators while enabling the learners to learn more efficiently, effectively, comfortably, and flexibly.

Medi Tourism: Ensuring not only the highest standards of care but also building the essential trust and confidence that underpins the decision to seek medical treatment abroad.

# INTRODUCTION

The BST Group strives a leading provider of digital currency solutions, leveraging state-of-the-art technology. We aim to be at the forefront of the Gemstone industry, Smart Cities and Payment systems, Metaverse-based projects. Through strategic partnerships and key collaborations, we aim to foster massive economies.

The BST Group's approach is not to compete with centralized government agencies or established players in traditional industries. Instead, we seek to form lasting strategic partnerships to develop together and achieve mass adoption and widespread acceptance of our solutions. We envision BSTC Coins becoming a widely used stable coin in the future.

While achieving mass adoption to replace fiat currency entirely may be overly idealistic due to insufficient technological infrastructure, this does not hinder the growth of the cryptocurrency and blockchain industry. We believe that cryptocurrency use in daily life will become increasingly common in the coming years.

# SOLUTION PORTFOLIO

The BST Group launched BST Coin, a hybrid decentralized crypto currency platform aiming to become a Global leader in the Cryptocurrency and Blockchain Industry with a particular focus on the precious stones and diamond sector. Transaction speed is a critical challenge in current blockchain technology. To address this, BST Group will develop its own cutting-edge blockchain platform offering optimal solutions. BSTC crypto platform stands for its versatility. It will be used in over 18 plus countries for various transactions and more. The platform prioritizes security & stability, delivering highest transaction speeds even with a limited number of nodes. Transactions are processed within seconds. The dynamic ledger is accessible on both android & ios platforms. The platforms resilience to distortions caused by a large number of nodes makes it a game changing platform in the industry of blockchain & crypto currency.

# TECHNOLOGY PORTFOLIO

Beyond precious gemstones, BST Group extends its reach to the digital sphere through a leading block chain company in the United Arab Emirates. Recognizing the potential of blockchain early on, BST Group's team has actively invested in research and application development. Our technology group is divided into following eight groups;
